

**Financial Aid's Future: New Policies, Practices, & Tools**  
**February 1, 2016**

**Learning Objectives: What will I know – or be thinking about - at the end of this day?**

1. How can the tools and resources I hear about today help me ensure that I support all students in FAFSA completion or better address gaps in my current efforts?
2. How can connecting with peers and new professional contacts inspire and energize me to stay committed to this important work?
3. How will changes to FAFSA policy in 2016, such as “prior-prior year”, and the availability of new data tools (FAFSA completion data portal) impact my work?
