

Common Core Standards Resources

The Common Core State Standards website provides the standards documents and appendices, information about the development of the standards, FAQs, as well as past presentations and webinars.

www.corestandards.org

The PARCC Assessment website provides information about the timeline for test development, model content frameworks, press releases, and more. Register on the site to receive progress updates by e-mail.

www.parcconline.org

Engage NY is an evolving, collaborative platform for New York State educators. The site contains information about the CCLS and the New York State implementation timeline. Additionally, sample tasks and other resources to provide curricular and instructional guidance are regularly posted and updated.

<http://engageny.org/>

The New York City Department of Education (NYCDOE) Common Core Library provides information about and for the implementation of the CCLS in NYCDOE schools. It includes samples of CCLS-aligned tasks and units, videos, professional development activities, and numerous other links and resources to support schools in the transition.

<http://schools.nyc.gov/Academics/CommonCoreLibrary/default.htm>

Funded by the Gates Foundation, this website contains high quality, fully-aligned instructional units aligned to the CCLS, as well as information about how the materials were – and continue to be – developed.

<http://www.commoncore.org/index.php>

This website is the home of the Math Assessment Project at the Shell Centre (University of Nottingham), which is an outstanding resource for lessons and tasks aligned with the CCLS. Additionally, the site includes professional development modules and videos that are relevant to the key instructional shifts in mathematics.

Videos

Watch short video clips about the CCLS on the Hunt Institute YouTube channel:

<http://www.youtube.com/user/TheHuntInstitute>

Education Commissioner John King, David Coleman and Kate Gerson explain every key aspect of Common Core standards in depth. By viewing this 15-part series, New York educators and administrators will learn step-by-step how to implement the Common Core for ELA/Literacy and Math in their schools and classrooms.

<http://engageny.org/resource/common-core-video-series/>

This video series illustrates how implementation of the CCLS is shifting classroom practice at the high school level: <https://www.teachingchannel.org/videos/common-core-state-standards-high-school?fd=0>
