GNYC! Academy – Agenda (Day 5) – June 14, 2012

Implementation: Taking Planning to Action *Finalize program logic models and action plans with short and long-term goals for program improvement that can be implemented within your organizations.*
Objectives: • Participants will finalize program logic models and action plans with short and long-term goals for program improvement that can be implemented within their own organizations.
1. Recap Day 4 / Goals for Day 5
2. Program Action Plans • What do you think are some challenges you will face in implementation?
BREAK - LUNCH
3. Data Analysis and Reporting • Different kinds of data-informed reports for different purposes • What data can you use, should you use and does it matter?
4. Human MINGO, Final Thoughts, and Next Steps
