

**GNYC! Academy – Agenda (Day 3) – May 24, 2012**

<p><b>Building a Culture of Evidence</b> <i>How data collected from surveys, focus groups, interviews, publicly available data, and post-secondary outcomes can provide additional information about your program.</i></p>
<p><b>Objectives:</b></p> <ul style="list-style-type: none"> <li>• Participants will continue to analyze different types of data and if/how it can be incorporated for their own organizational and programmatic use.</li> <li>• Participants will look at survey, interview, and focus group data, as well as publically available data as additional sources to inform program practice.</li> </ul>
<p><b>1. Recap Day 2</b></p>
<p><b>2. Assumptions, Inferences, and Jumping to Conclusions</b></p>
<p><b>3. Surveys, focus groups, and publically available data sets</b></p> <ul style="list-style-type: none"> <li>• What are they?</li> <li>• What does the data tell you / What DOESN'T it tell you?</li> <li>• How can you add data to your program collective?</li> </ul>
<p><b>BREAK - LUNCH</b></p>
<p><b>4. Gallery Walk (Publically available data) -</b> what information would want to use and why? How? Share out.</p>
<p><b>5. CUNY OIRA – Looking at CUNY Post-secondary Outcomes Data</b></p>
<p><b>6. Recap the day / for next time –</b></p> <ul style="list-style-type: none"> <li>• Today we covered a lot about other sources of data to inform your program practice. Day 4 – we're going to dive into aspects of Data Analysis and look to your own programs to see what you're doing, what you might want to change, and what your own data tells you.</li> <li>• Fill out Exit Tickets (5 questions) – quick survey</li> <li>• For next time – Identify a program goal or priority you would like informed by data.</li> </ul>
